Important Update: New Online Payment Portal

Last month, we shared that the Town would be transitioning to a new online payment portal as part of our software conversion. The portal will now go live on April 1st as we complete the final steps of the transition.

We value your patience as we finalize these improvements. Please continue to watch our Facebook page and the Town website for updates.

Address Visibility

Please ensure your house numbers are clearly visible from the street. Clear address numbers help emergency responders, delivery drivers, and service providers quickly locate your home. If your numbers are difficult to see, consider using larger or reflective numbers, adding lighting, or trimming landscaping that may block the view. Taking a few minutes to check your address visibility can make a big difference when every minute counts.
