### **E-Bike & Electric Scooter Safety**

As e-bikes and electric scooters become more popular, let's all do our part to keep our streets and sidewalks safe. Riders should always stay alert, obey traffic laws, ride at a safe speed, and yield to pedestrians. Be especially cautious in parks, neighborhoods, and other areas where children and families may be walking. A little courtesy and awareness go a long way in preventing accidents and helping everyone enjoy our community safely.

### **Fire Season Reminder**

Help keep our community safe by maintaining your property. Overgrown vegetation and the accumulation of combustible materials can create fire hazards. Regular property maintenance helps protect your home, your neighbors, and our community.
